

PV-K-BA-KP-0-0-1

EAN: 5902801503412

Place of installation

balcony

Mounting type

balcony

Color

black

Material

steel with anti-corrosion coating

Angle of inclination from vertical

10-25°

Module layout

landscape

Maximum module height

1150 mm

Maximum module width

2450 mm

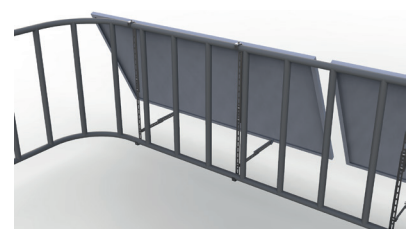

Maximum module area

2,65 m²

Warranty

2 years

Examples of durability parameters

Base wind speed

22 m/s

Altitude above sea level

300 m

Building height

60 m

26 m/s

300 m

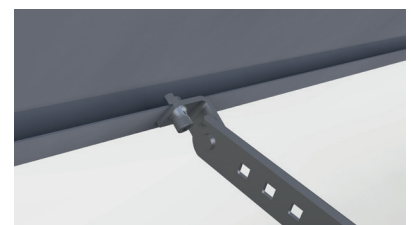

20 m

Standards

PN-EN-1090-1+A1:2012
PN-EN 1991-1-1:2004
PN-EN-1991-1-3:2005
PN-EN-1991-1-4:2008
PN-EN 1993-1-1:2006

Can be ordered as a set:

module (420 Wp N-Type)

+

microinverter (1000 W or 2000 W)

Welcome to the world of Enzeit Technik, where innovation meets precision, and a fresh outlook transforms into unique solutions.

We are a part of GTV, a company present in the market for over a quarter of a century in various industries, providing us with a solid foundation to create products that set new standards in the renewable energy sector.
